HOPPED FROM BACK OF AN-OTHER PLANE AT FOYNES, IRELAND, WEDNESDAY

WASHINGTON, N. Y., July 21.—(P)—The 10-ton British "papoose plane" Mercury, completing a flight of 3,042 miles from Ireland, arrived at the Transatlantic Air Terminal at 2:08 p. m., (CST), to-

at 2:08 p. m., (USI), to-day.

The actual flying time for the trip across the Atilantic was 22 hours, 28 minutes. A stop of 2 hours, 40 minutes was made at Montreal, making the total time 25 hours and eight minutes.

The Mercury was launched from her mother ship, the flying boat Maia, at Foynes, Ireland, yesterday, high above the seacoast. It was the first operation of its kind across the Atlantic.

MONTREAL, July 21.—(Canadian Press)—The British pick-a-back seaplane Mercury took off at 1 p. m., E.S.T., today for New York from Boucherville air harbor, where she arrived this morning on the first trans Atlanta The Mercury for a plane of her type. She had alighted on the St. Lawrence river at Boucherville, 12 miles each of Montreal, at 10:20 a. m., EST 20 hours 20 minutes after leaving Foynes, Ireland, where she was launched in middar from the back of her mother ship, the flying boat Maia. The Mercury, four engined sea plane operated by Imperial Airways, began the 327-mile hop to New York with no such help, rising gracefully from the rivery. In her nonstop flight from Foynes to Boucherville the Mercury covered 2,175 miles and came in with 80 gallons of gasoline still in her tanks, enough for another 250 miles. After a two-hour 40 minutes stop to refuel she was off again for New York. Some 2,000 miles of her route had traversed the North Atlantia and she came on to Montreal without making her exceeded stop at Botwood, Newfoundland. Boucherville is 12 miles cast of Montreal.

Completes Sea Crossing MONTREAL, July 21—(Canadian Press)—The seaplane Mercury, upper half of Britain's file Mexican mainland on a line between Hawaii and Panama, consists of a low coral ring of sandlike appearance, varying in width from a few yards to a quarter of a mile and rising from the seat to a height of five to fourteen feet. bands.

King George, in the tunic of a field marshal, and President Albert Lebrun of France, reviewed the colorful columns of marching men, totalling 50,000, supported by hundreds of tanks and about 50 airplanes.

The spectacle, a highlight of King George's state visit to France, attested to the strong bonds that unite Europe's great democratic powers.

France, attested to the strong bonds that unite Europe's great democratic powers.

Vast throngs lining the route of the parade saw implements of war the French army never before had shown publicly.

They watched columns of trucks swiftly pulling six-inch guns on pneumatic rubber tires and mechanized three-inch antiaircraft guns with trucks for ammunition.

Fifty infantry trucks, each mounting two machine-guns and carrying ten soldiers armed with repeating guns, paraded past together with tanks ranging from tiny whippets to rolling fortresses.

Camouflaged "land battleship" tanks, weighing as much as 12 tons, had three-inch guns protruding from their snouts.

The luncheon in the hall of mirrors rivalled those given by Louis 'he Fourteenth at Versailles in his "golden age" of the French monarchy (1643-1715).

IMPORTANT NOTICE TO ALL ELECTION OFFICIALS!

Immediately upon the completion of the count of your box please phone (collect) results to the Corsicana Daily Sun.

The Sun will attempt to give complete county totals the night of the election. This will be impossible without your box.

Just tell the operator to connect you with the Daily Sun, Corsicana, (collect).

You should bear in mind that the Legislature passed a law requiring your returns to be phoned in immediately after the polls are closed and the count completed and imposes a stiff penalty on the precinct chairman if he shall neglect to do this. The law further provides that the official returns shall be made to the County Chairman within twenty-four hours after the ballots are counted. A fine of not less than \$50.00 nor more than \$1,-000 is the penalty fixed by law for any violation of the election law.

This is very important and your co-operation will be greatly appreciated.

# To The Voters of Navarro County

Do you realize that the State of Texas is 102 years old, and that if you elected a man to office every 4 years (2 terms, which is democratic), in 102 years you would have elected only 25 men as sheriff of this county. Each would have received \$19,000 during his 4-year term. The present sheriff has held office 5 terms, or 10 years, and has been paid under the present set-up \$47,,-500.00, a mighty big slice of the tax-payers' money to be allotted one man.

It is the power of the voters to bestow the office of their government upon deserving fellow citizens. Democratic precedent has decreed that these positions, whether national, state or county, shall be rotated regularly.

Don't you in a fair-minded way believe that there is more than one man in Navarro County who could make you a good Sheriff if given a chance?

The Midianites are on us. From down upon this western world, permeating the people's old-fashioned Christian thinking with immoral, class-conscious and uppatricite ideas. They have set upfalse gods, to the worship of which multitudes have flocked. They have filled the faces of patricits with fear. The land is in uncertainty and trembling because of these insidious foes.

dom is today in grave peril from these modern Midianites. There is no use wasting time and breath in bewailing the fact. The only question worth considering is, "What are we going to do about it?"

As always, the answer is in the Bible, which nowadays we praise inordinately and neglect shamefully. In the time of the Judges, old Israel was in a plight not unlike ours. Their deliverance came by way of an aroused and reverent patriot, Gideon, and his selected band of three hundred fit men. Before we go into the dramatic old story, let us draw its obvious lesson—this time a workable plan for men of a Bible class, for the picked members of a young people's society, for a band of concerned and dauntless women, for the vital members of any church, Protestant, Catholic or Jewish.

Does that seem like a large program? It is not too large for men and women of brains and resolution. With such torches and slogans a handful may rout a host. And remember, the field proposed is local: a transformed community is the first step toward a transformed world. Gideon began with a reform in his own neighborhood. If God's Gideons are everywhere active, there can be no doubt about the result. God has won most of His battles by the use of minorities. Jesus selected only twelve men with whom the use of minorities. Jesus selected only twelve men with whom to redeem the world. "There is no restraint to the Lord to save by many or by few."

# Robert Calvert

Candidate For

# Attorney General of Texas

Every citizen of Corsicana, Navarro and surrounding counties should vote for Robert Calvert, who is a candidate for the Attorney General of Texas.

Robert, as we all know him in this section, is a product of the State Orphans Home of Corsicana, where he was raised, educated and got his first training for public life.

His record at the State Home was excellent, and though greatly handicapped by being an orphan he made good in every sense of the word. From the State Orphans Home he worked his way through the law school at the University of Texas, where he also made good and carried off honors.

After graduating from the University of Texas he practiced law for a number of years in Hillsboro, where he now resides. He is married and has children.

He was later elected as Representative of his district and elected speaker of the House of Representatives, which high honor he covered with efficiency. Robert is an attorney of much ability and experience and would make an Attorney General that All Texas would feel proud of.

Robert is a "home town boy that has made good" and his many friends and admirers are going to stay with him in his ambition to serve his State as Attorney General.

Vote for Robert Calvert, and help a "Home Town" boy who has made good.

# RALPH YARBROUGH SPOKE CORSICANA MONDAY AFTERNOON

Judge Ralph Yarbrough of Travis county spoke in Corsicana Monday afternoon at 3 o'clock in the interest of his candidacy for attorney general of Texas, basing his appeal to the voters of this city and Navarro county on the basis of his experience both as a judge and as an assistant attorney general.

He pointed to victories in me-half of schools and private land-owners secured against hatteries of lawyers representing "big bus

Judge Yarbrough said in part: "It would be a supreme tragedy to place in the office of attorney general a man who had never gone into a court room and suc gone into a court room and suc-cessfully conducted a lawsuit through the courts. The monop-olies hire the ablest lawyers that they can find and the voters should elect as attorney general the best lawyer they can secure— a lawyer of broad experience, preferably one whose experience has been on the side of the people.

"As assistant attorney general, I carried the war-flag of the people into more than 60 courtroom battles, including the case in which it was my privilege to win \$1,073,500 for the state permanent school fund—the second largest money indement ever collected by school fund—the second largest money judgment ever collected by the state of Texas. The Texas Outlook, official magazine of the Texas State Teachers' Association, in the May, 1925, issue, said that I had recovered mineral rights, valued at a minimum of \$25,000,000 for the school fund.

O00 for the school fund.

Appeared for People.

"I appeared as the only lawyer on behalf of the people before the state railroad commission in the strappage matter, with 30 lobbyists and lawyers on the other side. It was my position that the pipelines should pay for 100 barrels of oil when they took 100 and not pay for just 98 barrels. The public won, and so private landowners, the state school fund, the University permanent fund and the people of Texas are receiving \$10,090,000 a year more than would otherwise have been the case.

AUSTIN, July 19.—(P)—Texans can look to the federal government to pay half the cost of an \$18,758,523 highway improvement program scheduled for the next 12 months.

months.

The projects contemplated will modernize or partly improve 1,304 miles of thoroughfares and construct 24 large bridges.
Federal funds for matching purposes became available July 1, beginning of the national government's fiscal year. Texas was allotted \$7,787,730 regular federal aid—for expenditure on roads within the federal highway system—and \$1,591,522 for betterment of state highways and secondary tem—and \$1,691,522 for betterment of state highways and secondary or farm-to-market roads with a stipulation most of it must be spent on the latter classification.

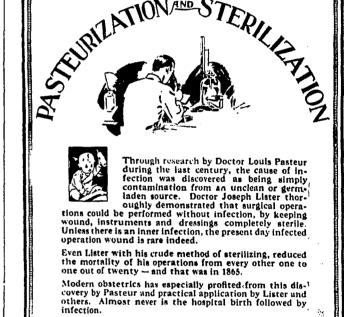

Projects within the program were approved several months ago by the highway commission and subsequently declared eligible for aid by the United States bureau of public roads. of public roads.

On the regular federal aid program are 885 miles of grading, drainage, base work and pavement and 17 large bridges. The

Navarro County:

Two years ago I made my first race for the office of Representative in Congress from the Sixth Congressional District. THE COMMON CITIZEN

THE COMMON CITIZEN

The political machines fought me in my first race; they are now fighting me in my present campaign. I have never sought their favor and am not seeking it now, preferring to make my appeal directly to the people. The professional politicians are now remarking that if the people win this election, it will be the first time that the PEOPLE ha. won over MONEY.

The people of this district have been good to both of my opponents. One of them has been paid approximately \$75,000.00 in his 18 years in public office; the other has received approximately \$200,000.00 from the taxpayors of this congressional district in the 20 years he has been in public office. It is a fundamental principal of democracy to rotate offices and to give to no man or set of men a monopoly on the compensations of public service, Have my two opponents been good Democrats in this respect?

Your present congressman is now going before the voters with this kind of plea: "Help me to beat both my opponents in the first race so they will not bother me any more. The August sun is hot; so let's not have a run-off." When he speaks of the hot August sun, I wonder if he is thinking of the June, July, August and September sun which beams down unmercifully on the cotton farmer as he sun which beams down unmercifully on the cotton farmer as he toils for his daily bread. I wonder if he is thinking of the cold winds of December, January and February which penetrate the tumble-down shacks of the tenant farmers of Texas while he glories in the compensation of a \$10,000 job and has been doing so for 16 years. # Rufus Pevehouse For **Sheriff**

In asking you to support me in my race for re-election to the office of Sheriff, I do so solely on the basis of my experience, qualifications and ability to make you a good Sheriff.

I feel that my experience in the Sheriff's office, and my knowledge of modern methods of handling crime, and my wide acquaintance with law enforcement officers and agencies over the state, especially equip me to render this county the best service available in the Sheriff's race.

In the spirit of friendship and service, I earnestly solicit your vote and a kind word to your friends in my behalf.

Sincerely yours, RUFUS PÉVEHOUSE.

# Here Is What Your Grand Jurors Say About

# CLEO G. MILLER

• From the report of October Term. 1937. Grand Jury

"It affords us pleasure to give special mention in this report to the commendable work of the Criminal District Attorney, Cleo G. Miller, and his staff. We believe that he is performing the duties of Criminal District Attorney in a conscientious and fearless manner. We further believe that the vigorous campaign of prosecution which he has carried on the past few months has resulted in minimizing the crime in our County. The fact that crime has decreased to some extent in Navarro County and that there were fewer matters for us to investigate, convinces us that prosecution of the offenders of the law, and in expressing our commendation upon Mr. Miller's fine work, we solicit In the past." This report, dated December 22, 1937, is signed by E. P. Estes, Roane, Foreman; J. S. Millerman and W. C. Pierce, Corsicana; J. R. Callaway, Chatfield; W. M. Nicholson, Blooming Grove; C. C. Slater, Dawson; D. T. Nutt, Purdon; Morris Crawford, Kerens; F. L. Bray, Powell; A. M. Boyd, Eureka; S. F. Herod, Richland, and A. C.

• From the report of January Term, 1938, Grand Jury:

"We firmly believe that strict law enforcement operates as a deterrent to crime, and we commend the work of Cleo G. Miller, Criminal District Attorney, and his assistants. We believe that through his efforts at law enforcement, crime in our County has been considerably reduced." This report, dated March 23, 1938, is signed by C. O. Weaver, Dawson, Foreman; N. Suttle Roberts and C. C. Roberts, Corsicana; J. E. Walker, Blooming Grove; R. H. Stokes, Emhouse, W. B. Talley, Kerens; R. W. Varnell, Barry; Earl Easterling, Chatfield; L. H. Farmer, Purdon; G. D. Massey, Blooming Grove; H. I. Singleton, Eureka, and Earle Scale, Kerens.

• From the report of April Term, 1938, Grand Jury:

"We want to express our appreciation for the good, efficient and faithful service that Cleo G. Miller, District Attorney, and his assistants have rendered to us, and to express our opinion that the law is being enforced more effectively than it has in the past." This report, date? June 21, 1938, is signed by W. T. Stockton, Kerens, Foreman; H. H. Hanks, Powell; S. F. Swafford, Rice; H. M. Pritchard, Angus; I. A. Sanders, Frost; C. M. Brown, Richland; G. C. Hall, Dawson; B. F. Candidate for District Attorney.

(Political Advertisement)

I am now asking re-election for a second term on the basis of democratic custom and because of the record I have made while serving you the past two years. During the 185 days of the three legislative sessions I was absent from the hall only 3½ days—three of those days in bed under the care of a physician, the half day absent on business of the State, I am proud to tell the people that I was on the job all the time, and conscientiously gave my full attention and best judgment and vote on every issue coming before the House. My record is open to investigation. Running the business of Texas is no joking matter, and those candidates who would hurran an audience and poke fun at the records of legislators and make extravagant promises are not serious minded, and imply that voters are not intelligent enough to domand an accounting from their elected representatives.

I submit that the time has come in Texas when the people are not only going to ask for a record, but will demand a full accounting for the trust reposed in Them. Friends, don't be deceived by jokes and funny stories of candidates who have no records, who have never served you. Neither be deceived by figures and statistics and promises. Nothing is easier than a big talk full of noth-

My record will show that I favored repeal of the gambling law on horse racing and all licensed gambling which gives a certain element of people an opportunity to prey on the weakness of their fellowman, living and prospering by an unfair practice of taking something for nothing, and at the same time being protected by the law. This is my firm stand concerning gambling, on record for all to see. But where do my opponents stand on this important issue? I have challenged them from the platform to reveal their position, but they have only dodged or evaded the question, Would you vote for a man who favors bringing back gambling, or even worse, one who is afraid to let his sentiments be known to the voters from whom he seeks support?

If the people want an honest business man who has the interest of his section of Texas at ase study my record carefully. A plain dirt farmer is as much a business man as the fellow who buys his produce and sell it to you. I am proud to be a farmer and submit that the farmers of the world are the foundation of all business, and therefore doubly qualified to help make

I favored helping the old people with every vote I cast, but am opposed to promising a flat \$30.00 per month for every person 65 years of age or over in Texas. I have never missed an opportunity to fight extravagant appropriations. One should exercise common sense in all things. Thousands of citizens past 65 years of age in Texas do not need or merit a pension. I have done my best to help raise money for the aged people, as well as for dependent children and the blind, and if will continue to do all in my power to see that provision is made to help them, as provided by the constitution.

I have been criticized by my opponents for voting for some measures and for not supporting others. Well, that's what makes life interesting, and I reply to the critics that whoever is sent to Austin to represent you will be subject to the same criticism. All of us are just human, and can't do the impossible, but I do pledge to the good people of Navarro County who elected me two years ago that I will continue to represent you honestly and unafraid, and work always to secure such legislation as will be to the good and advancement of this county and its citizens. You will cast a vote for sane and common-sense government when you go to the polls Saturday, July 23rd, and

### Citizenship of Navarro County

Citizenship of
Navarro County

As you know I am a candidate for State Representative for the 58th District. I have not been able to make a personal campaign and neither do I think it in keeping with the dignity of the office to engage in a scramble for the nomination. I am seeking the office solely upon my own merits, fitness and qualifications for the place and not upon the demerits or lack of fitness or lack of qualifications of any other man, and would not have you support me unloss you believe that I am best fitted to serve you as a logislator.

I heg to thank you for the very generous vote you gave me two years ago in the race between myself and the present incumbent of this office. I accepted your vote as an expression of confidence in my integrity and ability for which I am truly grateful. I beg now to again solicit your support in the present campaign. I am firmly of the opinion that unless something is done to elevate the personnel of the State Legislature we have troublous days ahead. The responsibility is with the electorate. The vested special interests which are receiving, and expecting a continuation of special favors, are never better pleased than when the people send to the Legislature youthful, inxperienced or incompetent persons, because they know they will then be immune from interference in their greedy purposes and plans. Do not send some embryo statesman or inept adventurer as a Representative to your law-making body and then be surprised if the laws turned out are half-baked, ineffective and unsatisfactory. In the faith that the voice of the people when fairly expressed, is the will of God, I submit my candidate and shall be wholly resigned to the verdict of the people at the polls.

# To The Voters of Navarro County:

It has been impossible for me to talk to you all personally, and I take this method of respectfully submitting to you my candidacy for Criminal District Attorney. I was born and reared in Navarro County. I have been practicing law in my home county for the past ten years since graduating at the University of Texas. I held the City Attorney's office of Corsicana for six years and then stepped down and let the next man have it. During the ten years of my practice and during my six years as City Attorney I have tried a large number of important and hotly-contested cases in the district court against some of the best lawyers of the Navarro County bar and from the Dallas bar and have held my own with those lawyers successfully. I did not lose a case against the city that was tried while I was City Attorney.

In my race for District Attorney two years ago you gave me 4,555 votes; my opponent received 4,620 votes and defeated me by only 65 votes. My opponent died at the beginning of his term, and I felt that in view of the extreme closeness of our race and because of democratic precedent, I was entitled to the appointment from Governor Allred; but Governor Allred told me in his office at Austin that he owed a political debt to former Governor Ross Sterling because Sterling, when Governor, appointed Allred's brother, Rene Allred, a district judge in East Texas, and that Ross Sterling had requested him (Governor Allred) to appoint Mr. Cleo G. Miller, who is former Governor Sterling's son-in-law, as District Attorney. Mr. Cleo G. Miller, now my opponent, had already held the District Attorney's office nearly six years in the past, and at the end of his present appointive term he will have already held the office for nearly eight years.

My opponent, Mr. Miller, at Blooming Grove and at other places over the county has exhibited a letter from Governor Allred, stating that Governor Allred appointed Mr. Miller rather than myself because he considered Mr. Miller better qualified, and he adds, "besides, Mr. Banister had already been defeated for the office." That was not what Governor Allred told me. His word is as good in this situation as it was to to the old people of Texas to whom he made definite promises regarding old age assistance, and yet whom he betrayed and double-crossed after they believed him, trusted him, and helped elect him. Governor Allred has made the people of Navarro County pay his political debt to Ross Sterling; it is not presumptious for him now by his lefter, to attempt to tell you how to vote for District Attorney? Abraham Lincoln was defeated when he first ran for public office. Allred would probably have refused to appoint Lincoln, according to his letter, and probably would have written, "Mr. Lincoln had already been defeated"; but if you rolled Governor Allred and former Governor Ross Sterling up together and placed them beside Abraham Lincoln, you could not even see Allred and Sterling.

My opponent in the opening political rally at Angus began a mud-sling-ing campaign with such charges as, "It would be pitiful for Charlie Banister as your District Attorney to have to sit across the table from such lawyers as Tom Tyson, Mays and Mays, and Lovett and Lovett." He also actually made an attempt to base his candidacy upon need when he said, "If you are going to vote on the basis of need and sympathy, then I (Cleo G. Miller) am entitled to your vote: Charlie Banister is not married and has no responsibilities; I (Cleo G. Miller) have a wife and two children." When I was thus forced to defend myself, my opponent then began to cry that I was mudslinging.

In reply to the first slanderous charge, I pointed out that my opponent and all of his assistants had sat a cross the table from all the three law firms mentioned and had lost cold blooded murder cases to all of them. My opponent has more assistants than any District Attorney in the history of the county and yet they agreed with the firm of Lovett and Lovett, the former law partners of my opponent and of his first attistant, to what amounts to no penalty at all in the Ruff Tickle murder case; they agreed to a plea of ruilty and three years for murder and Tickle is now serving the three in Leavenworth while he is at the same time serving three years for bootlegging of which latter offense he had already been found guilty in the Federal court before the local murder case was called for trial. In the Hunter murder case, the defendant lad a few words with the deceased, then went home and got his shotgun, came to deceased's home, called deceased out on the porch, and killed deceased in cold blood. My opponent and all his assistants convicted Hunter for only five years. I am not reflecting either upon the jurors or the District Judge, I have confidence in the jurors of Navarro County if and when the evidence and all the evidence is submitted to them. The District Judge is not responsible for the manner in which the evidence is

In reply to the second false appeal, I replied that I have my widowed mother; that my opponent did not get married until after the people of Navarro County elected him District Attorney and gave him a chance in 1930, eight years ago; and that my opponent's father-in-law is a millionaire.

My opponent is referring to complimentary remarks made regarding him in the final reports of several grand juries. Yet such complimentary remarks are customary and have been made by practically every grand jury in the history of the county about every District Attorney. Investigation reveals that the reports of the grand juries were written by my opponent's first assistant.

My friends, I am asking you for a chance. I believe that ninety per cent of you felt that I was entitled to the appointment when my former opponent died. The Governor did not give me a chance. I am now earnestly asking you for your appointment when you vote next July 23. I have already proved that I am qualified by winning important district court cases against such lawyers as Mays & Mays, Judge J. S. Callicutt, Mr. J. S. Simkins, Saner, Saner & Jack of Dallas, and many others. I tried those cases by myself. In view of the fact that my opponent has already held the District Attorney's office for nearly eight years, would it not be fair and equitable now to give me a chance? I shall be ever grateful for your influence and votes on July 23.

> Repectfully yours, CHARLES T. BANISTER. For Criminal District Attorney.

# RE-ELECT

# TERRELL

# Railroad Commissioner of Texas

Seldom do the people of Navarro County and State of Texas have the opportunity of voting for such an intellectual, honest and outstanding man as Judge C. V. Terrell of Decatur, Texas. Judge Terrell is of the John H. Reagan and Jim Hogg type—he had rather be RIGHT than be President. He is a man of unusual intelligence, strong in mind and body. He is a Church man and an HONEST man.

His opponents have made some very serious charges against him. They say he is "more than 70 years old—that he has a leather coat given him by a friend that it took an Indian Squaw 20 years to make. They say he once killed a BEAR and they insinuate that he has Halitosis and possibly dandruff in his hair." These charges, to their immature minds, disqualify C. V. Terrell for re-election as a member of the Railroad Commission.

Not ONE of his opponents has accused him of incompetency. Not ONE has cused him of dishonesty in public office. Not ONE has objected to his saving the farmers of Texas Millions of dollars by lowering-the freight rates on cotton. Not ONE has objected to his wise orders adding MILLIONS of dollars to the public school fund of this State thereby enabling your boy and our boy to secure an education.

The Legislature of Texas passed the Oil Pro-Ration Law and C. V. Terrell as a member of the Railroad Commission is charged with its enforcement. In 1932 when the Oil-Proration law went into effect, oil was worth 10 cents a barrel and the Texas National Guard had been called out and put in charge of the East Texas field but under the oil conservation policy of the Railroad Commission oil has increased 13 times in price and is the only commodity in the United States that has weathered the depression and re-cession without a break. Under the oil conservation policy of the Railroad Commission 90 percent of the oil is now being recovered from under the ground whereas under the old system 10 percent was recovered and since the tax on oil is the LIFE BLOOD of our public school system, the schools get NINE times as much tax money as under the old system.

Practically 100 percent of the LEGITIMATE oil industry favor Judge Terrell for re-election and endorse his pro-ration and conservation policy. Had it not been for Terrell's keen foresight, active brain and thorough knowledge of the oil industry gained by years of experience and hard work, the oil industry would have TEN thousand men on its pay rolls in Texas today instead of ONE HUNDRED THOUSAND satisfied workers.

Since Terrell enforces the Pro-Ration Law, the "Bootlegger in Hot Oil" is naturally opposing him in this race in just the same manner as the bank robber and kidnapper oppose the law against those crimes. Some of his strongest opposition is coming from those who have been indicted for violation of the Pro-Ration law.

Yes Sir, Judge Terrell killed a BEAR one time and it may be that he has dandruff in his hair but he has BRAINS in his head and is really Texas Public Servant No. 1, and we respectfully urge you to vote for this good man for re-election to the Railroad Commission of Texas on July 23, for as Clarence Wharton, Texas Historian, has said "When the history of Texas shall have been finished and the story of its illustrious sons has reached its last chapter, no name will be more worthy, no career more unsullied, than that of Charles Vernon Terrell.

By 1931, Hughes had tired of pictures, formed his own company and started building his own speed ships. Quiet, enormously thorough in preparation, he insisted on quality, spent freelly to get it. He did his own testing, had perfect confidence in his own judgment and shility.

To gain experience, he even flew as an American Airways co-pilot. He had to handle baggage and look out for the passengers' needs—but he also had a good chance to learn how to run a big transport plane.

SALT LAKE CITY, July 20.—

(P)—The steam powered railroad train, now over-shadowed by Diesel-driven streamliners, is coming back—in sleek dress, with tremendous power and drastic mechanical revisions.

A newly-developed steam turbine electric locomotive was described today to the opening session 68th annual convention of the American Society of Civil Engineers by C. P. Kahler of Omaha, electrical engineer for the Union Pacific railroad.

Engineers also heard their president, Henry Earle Riggs of Ann Arbor, Mich., caution them against unionization—"the most annoying problem of the present day."

# To The Navarro **County Voters**

As the first primary draws near and this part of the campaign comes to a close, we want to commend to your serious consideration the candidacy of Arthur Caldwell for the office of District Clerk. He is regarded by those who know him as being unusually well qualified and his integrity is unquestioned.

His life work has been of a kind that would peculiarly fit him for the duties of this office.

He has had railroad office experience, more than twenty years in Navarro County banks, the greater part of this time as an official, has had several years experience in the insurance business, two years as secretary-treasurer of the Corsicana Production Credit Association, as well as other valuable experience.

Arthur Caldwell has been a very useful citizen, and we believe that an investigation would reveal that few, if any men in Navarro County have been more useful, and have extended more helpful favors and courtesies to the people throughout Navarro County than has Arthur Caldwell. During this campaign this statement has frequently been heard: "if we had more men like Arthur Caldwell in our public offices this county would be better off." We sincerely hope that you will go to the polls Saturday, July 23rd and vote for R. A. (Arthur) Caldwell.

There is a compromise, though, and that is the henna treatment. Real henna, I mean, and henna color, no dye added. In expert hands, and one may learn to do it, too, a pack with henna will discolor the grey hairs so they become deep golden or more toward copper, and disappear when combed into the rest of the hair. A slightly coppery tint will be taken up by the natural color, which helps to obscure the tinted grey hairs. This may solve the problem for years, and it does when there is not a rapid increase in the number of hairs that turn. One may bleach as long as the face is young enough for it, and There is a compromise, though, and that is the henna treatment.

Twenty-five states, Puerto Rico and the District of Columbia have minimum wage laws. Most of them apply to women and minors, three cover only females, and one, an Oklahoma statute now in the courts, includes men.

All but a few provide for determination of minimum wages by boards which study each industry.

by boards which study each industry.

Flat rates were established by law in Puerto Rico, South Dakota and Nevada. Puerto Rico sminimum is \$6 a week. Nevada, requiring \$18 for a 48-hour week for women, was the country's highest blanket minimum.

Eleven states base minimum wage rates on cost of living. Ten others allow living costs to be taken into consideration.

Studies made on that basis in the retail trade resulted in setting a \$16 minimum for a 42 1-2 hour eek in Utah and a \$17 rate for 40 to 48 hours in the district of Columbia. Colorado set a \$15.84 minimum for 48 hours in big city laundries, and \$13.86 for 48 hours in the laundry industry for the state.

### Could Do Nothing; Hanged Himself

NEW YORK, July 21.—(P)—It was raining and Walter Wagner, 14, asked his sister, Catherine, 16, if he could join his playmates splashing outside in the street.

"No," she said.
"Can I work the player plano then?" he asked.
"No," said his sister.
Crying, Walter locked himself in the basement. An older brother found him there an hour later hanging from a clothesline, dead.

BALTIMOE, July 20.—
(P)—A premature explosion of 450 pounds of dynamite killed ten of a crew of eighteen workmen blasting a water tunnel through solid rock two hundred feet below the surface near the city pumping station today.

Seven men were killed outright as the burst of rock rolled through the tunnel. Three of the eleven brought to the surface alive died in hospitals. Only four escaped injury.

Officials of the construction company said the blast which cocurred about seven o'clock must have been set off by accident while the men were tamping down the huge charge of explosive.

The white members of the crew escaped with their lives.

Colonel Camille Vinet, young chief of the state aeronautics bureau, temporarily suspended the 47-year-old governor's flying privileges last night with an admonition to Earle to "use better judgment next time."

"I was scared to death when he disappeared in that shorm yesterday," Vinet confided. "I went out and looked for him two hours. He pulled a Corrigan, all right."

"Yes," the governor said, "I realize now I knew little about it."

District Clerk OF NAVARRO COUNTY

(Political Advertisement)

# Elect DOYLE PEVEHOUSE

# Flotorial Representative

60th District, Hill and Navarro Counties

I take this means to solicit your vote on Saturday, July 23rd. I have been unable to see all of the voters personally, and talk to them in the interest of my candidacy as this Representative District is so large, and I take this means of soliciting your sup-

I sincerely appreciate the trust, and confidence placed in me by the people of Navarro County as their District Clerk, and have endeavored to perform the duties of that office to the best of my ability. While serving in such capacity I have applied myself by studying law at spare time, and at night, and will this year obtain my license to practice law in Texas. It is my sole purpose and intent, if elected to the Legislature, to spend my entire time in the interst of the people of this district. I am asking for this promotion upon my past record of service, and because I feel that I am qualified to discharge the duties of this office to the satisfaction of all the people.

### Would If Elected

- 1. Favor abolishing present pension set-up, place it in the hands of Commissioners Court, and use this tremendous savings in helping to finance pensions to the old people of this State.
- 2. Would comply with the mandate of the people for the payment of teacher's retirement benefits.
- 3. Favors fair trade legislation.

Will, if elected, at all times sponsor legislation that is sensible, and legislation that the people of this district desire, and want. It has been my purpose to conduct a clean cut campaign, submitted to you solely upon my merits and qualifications,

I submit to you my candidacy in all good faith, and will sincerely appreciate your support. Respectfully,
